■ 1. Business Goals & Objectives

The JAAN Travels website must achieve the following business objectives:

- ✓ Position JAAN Travels as the #1 cheapest air ticket provider in Sri Lanka
- ✓ Rank on Page 1 of Google Sri Lanka for 'cheapest air tickets Sri Lanka' and related keywords
- ✓ Generate organic leads through WhatsApp, phone calls, and walk-ins
- ✓ Highlight JAAN Travels' two core strengths: LOWEST PRICE + SAME-DAY WHATSAPP BOOKING
- ✓ Build brand trust — customers must feel JAAN Travels has the best price guaranteed
- ✓ Showcase all destinations to inspire bookings and capture long-tail SEO traffic
- ✓ Serve as a 24/7 digital presence — customers can view offers and contact anytime
- ✓ Mobile-first experience (majority of Sri Lankan users browse on mobile)
- ✓ Display contact information prominently — no forms, direct WhatsApp and phone only

■ 2. Unique Selling Propositions (USPs)

■■ CHEAPEST AIR TICKETS IN SRI LANKA — BEST PRICE GUARANTEED

✈️ SAME-DAY TICKET BOOKING OVER WHATSAPP

These are JAAN Travels' two #1 competitive advantages. Both must be featured **above the fold** on the homepage hero, all landing pages, and every destination page. The combined message: **"Sri Lanka's cheapest air tickets — confirmed same day via WhatsApp."**

Cheapest Tickets — Display Requirements

- ✓ Hero banner headline must include 'Cheapest Air Tickets in Sri Lanka'
- ✓ Best Price Guarantee badge displayed prominently on homepage and all destination pages
- ✓ 'We Beat Any Price' or 'Lowest Fare Guarantee' trust badge site-wide
- ✓ Price comparison messaging — e.g. 'Check our price before you book anywhere else'
- ✓ Highlight savings — e.g. 'Save up to 40% on international flights'
- ✓ Special low-fare deal cards on homepage updated regularly
- ✓ SEO page titles and H1s must include 'cheap', 'cheapest', 'best price' keywords
- ✓ Customer testimonials specifically mentioning low prices and savings

WhatsApp Booking — Display Requirements

- ✓ Hero banner must mention 'Same-Day Booking via WhatsApp'
- ✓ WhatsApp button must be visible on every page (floating + header)
- ✓ Trust badge: 'Book in 1 Day via WhatsApp' displayed site-wide
- ✓ Dedicated section explaining the simple 3-step booking process
- ✓ Customer testimonials highlighting speed and convenience

■ ■ 3. Website Structure & Pages

Core Pages

Page	Purpose
Home	Hero section, USP highlight, WhatsApp CTA, destinations preview, special offers, testimonials, trust badges

On-Page SEO Requirements

- ✓ Unique meta title and meta description for every page
- ✓ Proper H1 → H2 → H3 heading hierarchy on all pages
- ✓ Alt text on all images including destination photos and airline logos
- ✓ Schema markup: LocalBusiness, FAQPage, BreadcrumbList, WebSite
- ✓ Internal linking between destination pages, blog, and service pages
- ✓ XML sitemap (sitemap.xml) submitted to Google Search Console
- ✓ robots.txt configured correctly
- ✓ Canonical URLs on all pages to prevent duplicate content
- ✓ Open Graph tags for Facebook and WhatsApp link preview sharing
- ✓ Page load speed under 3 seconds (Core Web Vitals compliant)
- ✓ Mobile-first responsive design
- ✓ Clean URL structure — no query strings (e.g. /colombo-to-dubai not /?dest=dubai)

Technical SEO Setup

- ✓ Google Search Console — property verified and sitemap submitted
- ✓ Google Analytics 4 — full tracking including WhatsApp click events
- ✓ Google Tag Manager — for tracking WhatsApp clicks, phone clicks

- ✓ PageSpeed score 90+ on mobile and desktop
- ✓ SSL certificate (HTTPS) — mandatory
- ✓ 301 redirect plan for any old URLs
- ✓ Cloudflare CDN setup for fast loading across Sri Lanka
- ✓ Image compression (WebP format) for all photos
- ✓ Lazy loading for images below the fold

5. Contact & Lead Generation

JAAN Travels does **not** use contact forms. All customer inquiries must be directed through direct contact — phone calls and WhatsApp. Contact information must be **highly visible, large, and prominent** across the entire website.

Contact Information Display

Contact Type	Requirement
■ Address	Full office address with Google Maps link for directions
■ Phone 1	Primary phone number — large, tap-to-call on mobile
■ Phone 2	Secondary phone number (optional backup line)
■ WhatsApp	WhatsApp number — opens chat with pre-filled message
■ Office Hours	Monday–Saturday 9AM–6PM WhatsApp available 24 hours
■ Facebook	Facebook page link
■ Instagram	Instagram profile link

WhatsApp Integration — Critical

- ✓ Floating WhatsApp button fixed at bottom-right on ALL pages — always visible
- ✓ Pulsing green animation on WhatsApp button to attract attention
- ✓ Pre-filled WhatsApp message: 'Hi JAAN Travels, I need air tickets from ___ to ___. Travel date: ___'
- ✓ WhatsApp button in sticky header navigation bar
- ✓ WhatsApp CTA button in every destination landing page hero section
- ✓ WhatsApp button in footer of every page
- ✓ Large 'Book via WhatsApp' CTA in homepage hero section
- ✓ Click tracking on WhatsApp buttons via Google Tag Manager

Contact Page Requirements

- ✓ Google Maps embed showing exact office location

- ✓ Bold, large phone numbers with tap-to-call functionality
- ✓ Directions link (opens Google Maps navigation)
- ✓ Office hours clearly displayed
- ✓ Social media links (Facebook, Instagram)
- ✓ No inquiry forms — direct contact only

6. UI / UX Design Requirements

Design Style

Element	Requirement
Overall Feel	Modern, premium travel agency — inspiring and trustworthy
Color Palette	Deep navy blue + gold + white. Clean, professional, aspirational
Typography	Bold headlines, clean body text. Large and readable on mobile
Photography	High-quality destination photos — Dubai skyline, London, Singapore etc.
Animations	Subtle scroll animations, hover effects on cards, smooth transitions
Icons	Travel-themed icons — planes, destinations, clock for speed

Must-Have UI Components

- ✓ Sticky header: logo + navigation + WhatsApp button + Call Now button
- ✓ Full-screen hero with bold headline: 'Sri Lanka's Cheapest Air Tickets' + same-day WhatsApp booking
- ✓ Best Price Guarantee badge prominently displayed in hero section
- ✓ Animated flight route visualization or destination image carousel in hero

- ✓ Trust badges row: Cheapest Fares | Best Price Guarantee | Same-Day Booking | Years in Business
- ✓ Special low-fare deals section with prices — updated regularly (e.g. 'Dubai from LKR 65,000')
- ✓ Destination cards grid with hover effects, flag icons, and starting fare prices
- ✓ Price drop alert CTA — 'WhatsApp us for today's lowest fare'
- ✓ Partner airline logos strip (Emirates, Qatar Airways, SriLankan Airlines, FlyDubai, Air Arabia, etc.)
- ✓ Customer testimonials mentioning low prices and savings
- ✓ Blog preview section (3 latest posts)
- ✓ Footer: address, phones, WhatsApp, hours, social media, sitemap links
- ✓ Floating WhatsApp button (always visible, pulsing animation)

Mobile Requirements

- ✓ 100% responsive — tested on Android and iOS
- ✓ Tap-to-call buttons (minimum 44px tap target)
- ✓ WhatsApp chat button prominently placed
- ✓ Fast image loading — WebP format, lazy loading
- ✓ No horizontal scrolling on any screen size

- ✓ Hamburger menu for mobile navigation
- ✓ Large readable fonts (minimum 16px body text on mobile)

7. Destinations List (Full SEO Coverage)

Each destination must have its own page or card. The destinations page is a major SEO asset — it captures search intent from travelers researching specific routes.
